

ACTIVE SHOOTER HOW TO RESPOND

Free Survival Mindset and Course of Action Active Shooter Response Training Class for Addison Residents, Schools, Organizations and Businesses

As part of the Addison Police Department's preparedness mission, officers promote preparedness among residents, schools and businesses during a 45-minute to 1-1/2-hour presentation on mass casualty shootings. This presentation was designed to help save the lives of you and your family, friends and co-workers.

Do you know what to do in the event of an active shooter? Do you know when or where an active shooter is going to commit an act of violence? This worst case situation can occur at a school, church, business, mall, restaurant or movie theater -- anywhere and at any time. The information provided to you in this presentation will help you to identify a potential threat and to survive an active shooter incident.

This class can be provided to you at no cost by the Addison Police Department. For more information or to schedule a presentation, please contact Deputy Chief Roy Selvik at (630) 543-3080.
