

RECOMMENDATIONS

I like living in Addison. I feel safe it is doing its best to keep gangs out. I would stay in this town. Keep up the good work.

I was not aware of any of the programs above.

I think the police department should send fliers or some type of information regarding the above mentioned programs. I have to admit, the police was very helpful and attentive when I came into report an incident. Thank You.

It would have been nice if the 911 dispatchers told me how long it was going to be until the officer was going to arrive at the station to speak with me.

I want to live safe that's all.

There a lot of gang kids outside walking up and down on the parking lot. When police go driving in the front they run to the back when they drive in the back they go to the front. Police need to drive more often.

I live in the high tax paying area and I expect more cops driving in my neighborhood especially in the middle of the night.

Police department is great. Very caring policemen. I don't get out much.

The officers have always been courteous and professional. They have always been helpful when needed. I'm proud of the force.

Keep us safe and crime free in the best of your ability, to create a better Addison. God bless. I think the detectives should have more communications with the victims.

Person behind the glass extremely rude and bad attitude. She didn't care and showed it.

Recently there has been increased people and car traffic at night with suspicious people. Other neighbors feel unsafe as well.

Thank you for keeping our village safe.

Take harassment by neighbors more seriously. Yes, there is no law regarding stupidity, but continued harassment is just that.

A police officer should not tell you that if it was night time he would take you to the bushes and kick your ass.

Patrol with attitude to catch and do something about crime in business areas.

I am the owner of building at 569 Valerie. There is a lot of drinking and loitering.

Get rid of the gangs.

I think the photo light at Addison and Lake is a violation of my freedom at my expence. Namely it is great revenue source but talk about a big brother police state – that is what it represents.

I am very pleased with the Addison Police department except lately the seat belt checks traps are getting a little out of hand when I see officers hiding behind trees, other than that keep up the good work thank you.

At present it seems when you need an officer for an emergency or non emergency they are there for you. I think they are doing the best job they're asked to do, we all know nothing is perfect, but they seem to be there when you need them.

Please ensure and continue improving patrol officer integrity as much as possible.

RECOMMENDATIONS

I just feel better when I see a patrol car come through my subdivision occasionally. I have had concerns about kids at Sunset park but the park district took care of my concerns with them.

Drugs and gang crime.

If the officers were not racially biased it might make the town better. End of the month is the only time you see people getting pulled over, other than that you never see them around.

No – overall great job.

When I drive in Addison, I'm more worried about the police stopping me for no reason more than anything else.

Thanks and continue protecting us.

Drug activity in College Park apartments.

I would love to see speed bumps on streets that are long enough for people to speed on. I would also like to see signs where children play.

I was pulled over for a speeding ticket. I was told I could pay it on line. If you are under 21 you have to show up for court. Bad advice cost me a lot more than it should have.

Please take the racism out of the hearts of those that have it. I'll continue to pray for us all.

More Spanish speaking officers.

Stop setting up people that are on parole and have served their time in jail. This is harassment.

Parents not watching their kids late at night. Need noise ordinance. 3am with music blasting many nights a week.

1st seat belt violation should get pass. I will not donate to the police fraternity fund because I have to pay for a ticket.

Very disappointed in the lack of caring and empathy displayed by the officer.

I think you guys are doing a great job keep up the good work.

Police should be nicer to people who live in their town.

I feel like a foreigner in Addison. Face of Addison has changed. God Bless you for the jobs you do.

Keep up the good and great work.

Some parts of Addison need an officer to help relieve traffic.

My husband got a ticket for passing a car that was turning. People pass me all the time on Rt. 53.

Incorporate more education for officers. Target at risk youth and provide more opportunities for positive outlet.

Great job keeping gangs out.

I am grateful for the help I received from the police department. The officer was helpful

RECOMMENDATIONS

and informative. I wouldn't change anything because everyone did a great job.

Put up more speed limit signs on Lorraine between Villa and Addison.

Thank you for your efforts with this survey. Patrol more and ticket speeding cars particularly the ones cutting through and avoiding traffic light at Army and Mill.

Bring Addison to where it was in the 70's. Get rid of gang bangers.

The gangs in this town have my kids scared. Thank you for the work you do.

My personal involvement with 911 call can't praise your employees enough.

Deputy Chief, I've noticed a major drop off in opportunities for trained volunteers over the past 2 years. CPA, CERT, VIP, and SALT are not being utilized to their fullest extent. This summer there were many missed opportunities to use us. We are trained, why not use us? I know funding has decreased, but there are many willing volunteers.

None keep up the good work.

There should be more police officers willing to go beyond the call of duty like the wonderful officer that helped me with my daughter's situation. I will be forever grateful to him.

Thank you for your support every time you've been called to my home. Thank you for the positive influence you have had with my children ages 4 and 10.

Watch speeding on Byron between Lombard and Rt. 53.

I am very scared to walk in Green Meadows and Michael Lane Area.

I came for a car seat check and the officer was wonderful. So helpful.
